

Charlie Y. Brown High School

February 5, 2018

Dear Students and Families,

Our students are actively engaged in the third quarter. I am proud to report that 29 students met the requirements for the PBIS 3 week reward.

Our staff has implemented our second 90 day plan to improve our school to assist our students in their progress. The plan is driven by the three focus areas of School Culture, Observation and Feedback Cycles, and Standards alignment. Please plan on viewing our 90 day plan when you visit for parent teacher conferences. You can see the action steps we are taking and the progress indicators we are using to ensure the plan is a success.

If you have any questions or concerns we welcome you to call the school at 505-634-3946.

Adam Benavidez
Principal

Student of the Month

Congratulations to our February Student of the Month:
Triston Marquez.

Triston has earned 5.5 credits this year and is excelling toward his graduation goals and a future career as an armored car driver. He succeeds at CYB because of his excellent attendance rate and his work ethic. Keep up the great work Triston!

Mrs. Daniels is loving history and the students are expanding their knowledge of what has happened throughout the many years of the past as well as the present. Every student brings something new to history and enjoys learning how history has evolved.

U.S. History: Early 1900s – Boom and Bust, Jazz Age, Great Depression Begins, Roosevelt and the New Deal.

World History: 1800 – 1914 – European Imperialism, Industrialization and Nationalism, Mass Society and Democracy, Height of Imperialism, and East Asia under Challenge.

U.S. Government: Three Branches of Government, New Mexico’s Government, and Federal System

New Mexico: Arts, Culture, Tribes, and the Great Depression

Notes from CYB staff

In science class students have taken their first exam. Many students struggled but they do have an opportunity to retake the exam. Students are going to be taking their second exam on February 8th. Students can help themselves out significantly by passing their second exam, so please ensure that your children/ grandchildren are studying over the week. I look forward to meeting some of you for parent teacher conferences. Thank you Mr. Lujan

In Algebra 2, we are learning about solving systems using tables and graphs, students will be taking the first exam on Tuesday. Students in the Financial Math class had their first exam today over chapters 1 through 4 and we will be starting a new chapter on Savings Account on Monday. In Algebra 1, the class is currently learning how to solve system of equations by using the substitution method and the elimination method. The geometry students are currently learning how to prove lines are parallel lines and proving angles are congruent by using different theorems such as the vertical angle theorem. I look forward to the parent/ teacher conferences this Thursday and Friday.

Sincerely,

Ms. Padilla

Hello Everyone!

Our English classes have been working hard at reading and analyzing stories from our Literature books. Our classroom has acquired a new overhead aiding us in visuals to enhance learning. The next few weeks we will concentrate on writing an essay. I look forward to meeting parents for conferences.

“Be the change you wish to see in the world!” author unknown.

Have a Great Day!

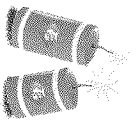

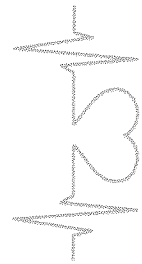

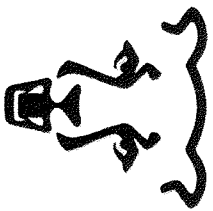

Ms. Welfelt

Parent Teacher Conferences

Thursday 2/8 from 4:30 to 7:30 p.m.

Friday 2/9 from 8:00-12:00 a.m.
